# Comprehensive Needs Assessment

Revised/Approved: August 21, 2023

## Needs Assessment Overview

### Needs Assessment Overview Summary

In the Spring of 2021, the district leadership along with our staff and community stakeholders engaged in a Strategic Planning Process. This process resulted in the creation of the district's Vision, Mission and Core Beliefs. Taylor ISD has adopted 4 Strategic Goals: Excellence in Student Outcomes, Exceptional Workplace Climate, Quality Customer Service and Efficient Financial Stewardship. Each goal has multiple Critical Success Factors that guide the work of the district. Each quarter the Critical Success Factors are analyzed for progress.

At the end of the 2022-2023 school year, a review was done on the Balanced Score Card. Each goal and strategic priority were analyzed.

### The top concerns were as follows:

1. Performance in Math on state assessment in grades 3-8 and Algebra I
2. Performance on English Language Arts in grades 3-8 and English I and II
3. Teacher Turnover rates in Taylor ISD was 28%

### The root causes identified for the areas of concern were:

1. Teachers need explicit training and implementation support in instructional strategies.
2. Curriculum resources that were not aligned from grade level to grade level and were not easily accessible.
3. The high percentage of teachers that were new to the profession
4. Lack of competitive compensation, combined with scarce affordable housing, combines to make retention of teachers challenging.

# Student Achievement

## Student Achievement Summary

Each of our critical success factors is reviewed at the end of the year to indicate we are either behind expected progress, on track, or meeting expectations.

**Critical Success Factor 1.1:** Prioritize the ongoing refinement of curriculum, instruction, and professional development.

Taylor ISD has continued to adjust the aligned curriculum to the needs of student accountability. As well, the percentage of students failing one or more courses decreased at the middle school and high school because of increased interventions and teacher communication to parents. Out of necessity, the curriculum of the 2nd semester was drastically adjusted to meet the needs of learners and improve student performance on end of year assessments.

Direct professional development support improved through teacher planning time. Enhancing the learning experience through routines/procedures and relationships remains a priority. This CSF is marked as **on track.**

**Critical Success Factor 1.2:** Annually increase the percentage of students engaged in school.

*In addition to athletics, fine arts, and academic UIL organizations, both the high school and the middle school significantly increased opportunities for students to be involved in school beyond the classroom. We approximate that 65% of middle school students and 55% of high school students were engaged in a school activity*

beyond the classroom. We are marking this CSF “on track.”

**Critical Success Factor 1.3:** Annually increase the percentage of students meeting College and Career Readiness Standards.

*Taylor ISD significantly improved the metrics associated with this CSF and it is important to note TEA will not recognize our work in campus grading until 2024. The percent of students meeting CCMR standards will exceed the goal of 76% this year. The number of students taking an AP test increased from 98 students to 171 to represent 20%. 25% of students in Taylor ISD took an AP or Dual Credit course in the 2022-23 school year. 364 students earned industry based certifications in the 2022-23 school year. This CSF is “meeting expectations” because our strategies have increased every metric in this CSF.*

**Critical Success Factor 1.4:** Annually increase the percentage of students demonstrating growth on state assessments: ELAR, Math, Social Studies, Science.

*Based upon Renaissance universal screener and TEA Interim Assessments, students showed growth by an average of 0.7 years of growth in Reading and 1.3 years in Math. During this second year of the balanced scorecard, the district significantly increased the ability of teacher teams to respond to data and highly monitored instruction that was tied to accountability. Campus leaders created and modeled high leverage lesson formats to equip teachers for success. Evidence of progress monitoring and walkthrough processes increased in the 2nd semester through tools and an increase in district leader engagement. This was most evident in math, where 4th graders grew by 2.6 years in two school years. While those same 4th graders grew by 2.2 years in Reading during that time span, more work is needed to build literacy throughout the district. Due to a combination of student academic growth and implementation of curriculum, we designate this CSF as “on track.”*

### **Problem Statements Identifying Student Achievement Needs**

**Problem Statement 1 (Prioritized):** Formative Assessments are not accurately identifying students who are struggling and/or students who need to be challenged to achieve a higher level.

**Root Cause:** TISD lack a uniform system of common assessments aligned to the rigor of STAAR that are implemented with fidelity.

**Problem Statement 2 (Prioritized):** Students that meet or exceed progress growth measures in reading and math are not consistently improving.

**Root Cause:** Lack of use of prior year assessment data to make instructional decisions.

**Problem Statement 3 (Prioritized):** The "Meets Expectations" percentage of students ELA and Math scores need improvement.

**Root Cause:** Lack of understanding of the level of rigor attached to "meeting expectations" on the STAAR/EOC assessments.

**Problem Statement 4 (Prioritized):** Implementation of Reading and Math interventions need to be improved at our elementary schools.

**Root Cause:** TISD lack a uniform system of common assessments aligned to the rigor of STAAR that are implemented with fidelity.

**Problem Statement 5 (Prioritized):** Although Special Education Performance has shown small improvements, the results are not significant.

**Root Cause:** Staff lacks strategies to increase learning acquisition in special needs students.

**Problem Statement 6 (Prioritized):** Increase the numbers of students that are college, career, and/or military ready.

**Root Cause:** Low numbers of students taking college entrance exams and lack of awareness of career opportunities

**Problem Statement 7 (Prioritized):** TISD needs to increase student access to the technology needed to be successful in online assessment.

**Root Cause:** Lack of technology and connectivity to our students.

**Problem Statement 8 (Prioritized):** TISD needs to provide additional support to help minimize the lost instructional time due COVID-19 school closures.

**Root Cause:** TISD was closed from March 2020 until the end of 2020 school year.

# District Culture and Climate

## District Culture and Climate Summary

*Each of our critical success factors is reviewed at the end of the year to indicate we are either behind expected progress, on track, or meeting expectations.*

**Critical Success Factor 2.1:** Annually increase the percentage of teachers/staff who indicate a positive morale in annual staff surveys.

Campus by campus staff surveys indicated a growth in staff members reporting positive morale from an average of 3.28 (2021) to 3.66 (2022) to 3.97 (2023) on a 1-5 scale. All campuses showed growth in morale except for Naomi Pasemann Elementary which showed a slight decrease. Overall themes that kept morale from being higher related to the demands of the profession and a lack of communication from leadership.

As well, 74% of employees stated they are proud to work for Taylor ISD which is a 1% decrease from last year. When discussing the source of pride, teachers/staff indicated that a sense of cohesiveness (small town feel) and focus on students led to their affirmative responses. In comparison to our baseline year, we are marking this CSF as “on track.”

**Critical Success Factor 2.2:** Annually increase the percentage of teacher and staff engagement.

Staff responding to feeling involved in decision making based upon 2022 and 2023 campus surveys indicated steady progress by improving slightly from a 4.0 to 4.1 on a scale of 1-5. While staff commented that there was positive opportunities for feedback, a theme for improvement was the timeliness of communication on decisions. Additionally, the district seeks to improve teacher engagement in district initiatives to improve student achievement.

We are marking this CSF as “on track.”

**Critical Success Factor 2.3:** Annually increase the percentage of teachers remaining part of the Taylor ISD team.

Taylor ISD MET expectations when it came to providing year long new teacher support and mentoring opportunities. Morale and staff engagement

improved, and while turnover remains above 20%, the district has reduced employee feedback that reflects “push factors.” While there are many national and societal factors contributing to this item, the leadership of Taylor ISD continues to hold themselves accountable to the success of goals and success factors established by the Board of Trustees. More importantly, 70% of teachers stated they would recommend Taylor ISD as a place to work which is an increase over last year’s 52%. This puts this CSF at “on track.”

**Critical Success Factor 2.4:** Annually increase the operational effectiveness of the district (safety).

Taylor ISD successfully completed all Texas State Safety Audits. The district continues to ensure students and staff know to keep doors closed. We continue to remind students not to open doors for visitors and alert the campus of safety needs. We designate this CSF as “meeting expectations.”

### **District Culture and Climate Strengths**

Taylor ISD is a safe nurturing district that provides a wide range of extra-curricular activities as well as providing an aligned viable curriculum. On the TISD staff survey, felt their campus environment was positive or very positive. All campuses have a Campus Emergency Response Team in place and all staff participate in monthly safety drills. A comprehensive safety audit of the district is conducted every three years.

### **Problem Statements Identifying District Culture and Climate Needs**

**Problem Statement 1 (Prioritized):** Student behavior is responsible for the break down of the campus culture causing a loss of instructional time for all students.

**Root Cause:** Lack of consistent of RtI procedures across the district.

**Problem Statement 2 (Prioritized):** Consistent expectations district wide for Positive Behavior, Classroom management, Social and Emotional Learning and Restorative Practices.

**Root Cause:** Each campus has different behavior expectations and communication practices to parents.

# Staff Quality, Recruitment, and Retention

## Staff Quality, Recruitment, and Retention Summary

The district participates in selected association meetings, conferences, and job fairs that target administrators, math, science, ESL, and bilingual certified teachers. Current education research indicates new teachers entering the profession are at an all time low (nea Today, 2016). Salaries are a significant factor in teacher recruitment as well as retention, especially as new teachers, as they realize the highly demanding commitments required beyond the actual school day and week for planning, professional development, and classroom preparation.

*Each of our critical success factors is reviewed at the end of the year to indicate we are either behind expected progress, on track, or meeting expectations.*

**Critical Success Factor 3.1:** Annually increase the percentage of parent engagement. The district and campus noticeably increased outreach efforts to families, improved campus events at campuses, improved campus to home communication, and improved communication efforts. A parent survey indicated the district improved from a 3.5 to a 3.8 on a survey that scaled between 1-5. We are marking this CSF as “on track.”

**Critical Success Factor 3.2:** Annually increase the percentage of student satisfaction with school experiences. Professional development opportunities were provided and routine campus visits took place and the district implemented stronger systems for walkthroughs. This system will include even more accountability on the campus administrative team through form monitoring which was implemented in the Spring of 2023. However, the campuses did not quantify the data with a student survey. This will be done in the 2023-24 school year. We are marking this CSF as “on track.”

**Critical Success Factor 3.3:** Annually increase the percentage of staff satisfaction. Campus by campus staff surveys indicated a growth in staff members reporting positive morale from an average of 3.28 (2021) to 3.66 (2022) to 3.97 (2023) on a 1-5 scale. All campuses showed growth in morale except for Naomi Pasemann Elementary which reported a .5 decline each at mid-year. An end of year employee engagement survey indicated that 52% of staff surveyed indicated that they “believe in the strategic direction of the superintendent,” last year and 66% answered yes to that prompt this year. Last year, only 62% indicated that they “felt valued at work” and this year 66% stated they “agreed or strongly agreed.”

As well, exactly 76% of employees stated they are proud to work for Taylor ISD for the second year in a row. While we implemented all strategies outlined, we do not have a baseline year to compare to, we are marking this CSF as “on track.”

### **Staff Quality, Recruitment, and Retention Strengths**

The district has an established partnership with the Taylor Educational Enrichment Foundation which offers grants for innovative practices. The district attends multiple job fairs at Tier 1 universities, and has increased the social media recruiting efforts through Facebook, and Twitter. Taylor ISD has implemented a district-wide mentoring program for new teachers. Taylor ISD is a District of Innovation (DOI) which allows flexibility with hiring high demand and/or hard to fill areas as well as out-of-state applicants. TISD paid all staff a retention bonus for returning for the 2022-2023 school year. Taylor ISD as entered into a partnership with Teachworthy to assist our instructional assistants in earning a college degree.

### **Problem Statements Identifying Staff Quality, Recruitment, and Retention Needs**

**Problem Statement 1 (Prioritized):** TISD continues to have to train new teachers every school year to acclimate to the profession

**Root Cause:** TISD has a higher turnover rate as compared to the state rate.

**Problem Statement 2 (Prioritized):** TISD has a gap in 6-10 years teachers of experienced teachers as compared to the state

**Root Cause:** Increased mentoring and support program needed for all teachers.

**Problem Statement 3 (Prioritized):** TISD needs to increase focus on bilingual and ESL teacher recruitment.

**Root Cause:** Statewide there is a limited applicant pool for for bilingual and ESL certified teachers.

**Problem Statement 4 (Prioritized):** Although Special Education Performance has shown small improvements, the results are not significant.

**Root Cause:** Staff lacks strategies to increase learning acquisition in special needs students.

# Curriculum, Instruction, and Assessment

## Curriculum, Instruction, and Assessment Summary

TISD provides a guaranteed viable curriculum with a scope and sequence in place through the use of TEKS resource system. Class sizes are lower than the state average. Accelerated instruction is provided on all campuses daily. The district is a data-driven district that supports the use of backwards design, formative assessments, and universal screeners to drive instructional decisions and close learning gaps. These targeted instructional decisions are developed through the analysis of assessment data through calendared data meetings. District administrators meet regularly with campus administrators to monitor progress on campus improvement plans, district initiatives and instructional goals.

## Curriculum, Instruction, and Assessment Strengths

Instructional specialists provide support through the coaching model, such as professional development opportunities for teachers who need support based on data and/or classroom management. The district is committed to adding additional Curriculum support in the ESL/Dual Language Areas and the development of RtI procedures.

## Problem Statements Identifying Curriculum, Instruction, and Assessment Needs

**Problem Statement 1 (Prioritized):** Formative Assessments are not accurately identifying students who are struggling and/or students who need to be challenged to achieve a higher level.

**Root Cause:** Lack of technology and connectivity to our students.

**Problem Statement 8 (Prioritized):** TISD needs to provide additional support to help minimize the lost instructional time due COVID-19 school closures.

**Root Cause:** TISD was closed from March 2020 until the end of 2020 school year.

# Parent and Community Engagement

## Parent and Community Engagement Summary

The district seeks input from parents and community members through a variety of venues to help increase communication and involvement to ensure student success. District and campus level parent involvement guidelines are created with stakeholder input and included in campus handbooks. In addition to seeking input through Campus parent meetings and the District Educational Improvement Committee, parent surveys are used to help the district ensure an inviting environment that encourages a strong partnership between the parents and the school district. The district reaches out to parents through home visits, Parent Educational Summits, mentoring, and after-school activities.

## Parent and Community Engagement Strengths

TISD campuses offer opportunities for parent and family engagement to strengthen academic achievement. In order to build a dynamic home-school partnership, campuses offer events such as: monthly family nights, Open house, Literacy night, Fall Festivals, and Spring Carnivals.

## Problem Statements Identifying Parent and Community Engagement Needs

**Problem Statement 1 (Prioritized):** Low parent attendance at district academic events.

**Root Cause:** Lack of communication to parents about the event

**Problem Statement 2 (Prioritized):** TISD needs to increase student access to the technology needed to be successful in online assessment.

**Root Cause:** Lack of technology and connectivity to our students.

**Problem Statement 3 (Prioritized):** TISD needs to provide additional support to help minimize the lost instructional time due COVID-19 school closures.

**Root Cause:** TISD was closed from March 2020 until the end of 2020 school year.

## District Context and Organization

### District Context and Organization Summary

We have revised the district wide organization chart to delineate clear lines of authority and implementation. Each campus has reviewed their master schedule and changes were made to maximize instructional time. Each campus offers an opportunity for students to receive individualized instruction.

The District CNA committee saw a consistent trend across the district and developed a goal for the Federal funding application under Commissioner Morath's Priority I - Recruiting, Supporting, and Retaining teachers and principals. Specific programs/activities aligning with this priority include quality mentoring for new teachers, instructional support in best practices, support in building relationships and behavior management, and leadership coaching for principals. All activities are aligned in Campus and/or District CIP's, supported with local/state and/or federal funding. Federal funding compliance monitored by Federal Programs Office.

*Each of our critical success factors is reviewed at the end of the year to indicate we are either behind expected progress, on track, or meeting expectations.*

### **Critical Success Factor 4.1:** Coherent Budget Development, Adoption, and Management Processes

The 2022-23 budget was created based on projected revenue and instructional needs that align to Board Adopted Goals. The finalized budget was adopted in June of 2022. For the 3rd consecutive year, the district will carry a balanced budget and an increase in fund balance. Budgets were reviewed every month for the Board of Trustees to assure maintaining a balanced budget. While the majority of budget managers spent more than their allocated budgets, each function of the district budget remained in line with expenditures and revenue.

Due to our preliminary FIRST rating, we designate this CSF as “meeting expectations.”

### **Critical Success Factor 4.2:** Utilize staffing efficiencies to create competitive teacher and staff compensation.

End-of-the-year vacancies caused the district to ask non-classroom certified teachers to go back into the classroom. This enabled some positions to be collapsed thereby releasing the previously dedicated position funding for 2022-2023 compensation consideration.

While we continue to work on teacher retention, only 38% of all resignations involve moving to another district and only 18% of all resignations are moving to a local district. Due to this, we designate this CSF as “on track.”

**Critical Success Factor 4.3:** Improve operational effectiveness and efficiency.

The district has improved customer service of work orders through the support operations staff. Additionally, vacancies continue to be filled during the 22-23 school year at a pace that leaves no vacancies at the classroom level.

Due to management of vacancies and work order completion, we designate this CSF as “meeting expectations.”

**Critical Success Factor 4.4:** Communication of Financial Critical Success Factors

Communication of Financial Critical Success Factors were touched on in day-to-day correspondence that include listening to the needs of a campus from their perspective and what changes can be made for improvement while assuring purchasing and procurement standards are followed.

Due to a consistently clean audit, we designate this CSF as “meeting expectations.”

#### **District Context and Organization Strengths**

Taylor ISD through community support has developed a strategic plan with purposeful goals. The district has a designated belief system with a strong mission and vision.

#### **Problem Statements Identifying District Context and Organization Needs**

**Problem Statement 1 (Prioritized):** Safeguards need to be in place to ensure that organized time to address the needs of all learners is focused and targeted for maximum benefit to instruction.

**Root Cause:** Need for strong campus staff to focus on district and campus goals.

**Problem Statement 2 (Prioritized):** There is a need to continue revisiting and improving efforts with safety and security for the district.

**Root Cause:** Alignment with new state requirements and possible areas identified as needs by district leadership and security personnel.

**Problem Statement 3:** There is a need to review, analyze, and evaluate district expenses to support long range budgeting needs and specific needs moving forward that would be supported by bond funds.

**Root Cause:** Lack of increased funding from the state.

# Technology

## Technology Summary

The Technology Department at Taylor ISD strives to provide innovative solutions to promote student achievement. Taylor ISD provides personalized and blended learning opportunities through district-supported screener assessments and tiered online intervention programs that are personalized to the individual student's needs. Many of our online programs utilize single sign on options, offering ease of access for both students and staff, while also providing valuable usage data to help us as we evaluate programs. Our infrastructure is bolstered with wireless network and bandwidth upgrades, and we continue to update, refresh, and increase our device to user ratio to allow for more access during and outside of the school day. These efforts provide a strong foundation as we move forward with a focus on digital learning and preparing our students with the knowledge and skills needed to be future ready.

## Technology Strengths

TISD is aggressively working to incorporate technology in the hands of all students. The district is continuing to support the maintenance and renewal of technology.

1. Digitizing paper processes;
2. 1:1 student device ratio at all campuses
3. Promote innovation through collaborative learning environment;
4. Full wireless internet coverage on all district campuses.

THS also has a championship Academic Decathlon Team and a wide array of extracurricular activities for students. THS's graduation rate consistently surpasses both regional and state averages. New growth in businesses and housing developments are bringing new students to the area.

### Problem Statements Identifying Demographics Needs

**Problem Statement 1 (Prioritized):** Taylor High School has a growing At-Risk population that will require additional support in all subjects .

**Root Cause:** Growth of the city of Taylor as well as increased expectations on state exams.

**Problem Statement 2:** Learning gaps with students in special populations have not improved in recent years.

**Root Cause:** Increased expectations and rigor on state exams have exacerbated achievement gaps.

# Student Achievement

## Student Achievement Summary

Students achieving at least approaches grade-level performance on the STAAR end of course exams for the Spring of 2023 were as follows: Algebra I 60% slightly down from 61%, Biology 79% up from 61%, US History 88% up from 80%, ELA I&II 55% up from 51%. Taylor High School students made improvements in all areas except Algebra which held steady.

## Student Achievement Strengths

Students showed growth compared to Spring 2022 in all areas with the exception of Algebra.

## Problem Statements Identifying Student Achievement Needs

**Problem Statement 1 (Prioritized):** Students performed below the state average on ELA 1 and ELA 2 STAAR EOC tests, especially on the writing portion.

**Root Cause:** The format of the tests changed and a significant amount of students were confused on which portion was the essay. Some students left the writing portion completely blank.

**Problem Statement 2 (Prioritized):** Our CCMR score dropped into the 60's which caused a significant impact on our overall rating.

**Root Cause:** The new CCMR formula lowered the worth of some of our school's strengths.

# School Culture and Climate

There is a secure vestibule to enter the building where guests must provide identification and be run through the Raptor system before being allowed into the building. Fire drills are held monthly and other drills including severe weather, lockdowns, lockouts, and shelter-in-place are held on a regular basis. All classrooms are supplied with the TISD Emergency Procedures Guidelines. Visitors will follow specific guidelines if they proceed past the reception area. Upon arrival to school, the parent/guardian will notify the campus through the door entry communication system. Volunteers will only be permitted by authorization of the campus administration. Additional effective procedures are in place yearly to promote safety and a support thriving campus culture across the campus. Students feel safe on campus and as evidenced on campus surveys done throughout the year. At the beginning of every year, teachers are trained in the proper safety procedures on campus and teachers are evaluated during each drill for safe and effective practices. We also have a full time security officer and a police officer on campus.

## School Culture and Climate Strengths

THS uses Professional Learning Communities to engage in data driven instruction. The process allows teacher to analyze and develop assessments as well as informed instructional decisions. The campus' Dean of Education supports and enhances the process by sharing and helping in implementation of various instructional strategies. All students are including underrepresented populations are encouraged to participate in PreAP/AP/Dual Credit coursework.

The THS special education department prides itself in expanding the learning opportunities for LifeSkills students through the implementation of a work skills program as well as the creation of and continued implementation of a partner PE program.

Taylor HS CTE also provides students with a wide variety of career and technology pathways. These are included in the CTE Guidebook.

THS students have the opportunity to be involved in Advanced Placement courses and exams and we offer a Saturday SAT as well as school-day SAT, TSIA2, PSAT, and ASVAB tests. The goal is to increase the number of students that are college and career-ready. This year we scheduled a "Testing day" where all students 10-12 are taking either PSAT, TSIA2, or ASVAP tests unless they are already college or career ready. There will also be monthly opportunities to take the TSIA2 test starting in December.

## Curriculum, Instruction, and Assessment Strengths

THS has created and defined several new career and technology pathways with multiple certifications available to students in those pathways.

Scheduling regular TSIA2 tests on campus has led to an increase in the number of students taking the exam and consequently an increase in those that are college and career-ready.

There was growth in all eoc's compared to last year with the exception of Algebra which held steady.

## Problem Statements Identifying Curriculum, Instruction, and Assessment Needs

Announcements of upcoming events and pertinent information is provided through phone and email on the campus's all-call system as well as posted and updated on the website regularly as well as through the Remind app for individual teachers. The Campus Educational Improvement Committee will meet a minimum of three times during the year to allow community members, parents, and faculty/staff to provide input and work together towards effective solutions. A parental engagement policy is included in the campus handbook and a school-parent-student compact is available on the website as well. The school is supported by the community including the Taylor Educational Enrichment Foundation that provides teachers with grants every year.

### Problem Statements Identifying Demographics Needs

**Problem Statement 1 (Prioritized):** Taylor Middle School has a growing ELL and economically disadvantaged population that will require additional support. Students have not made adequate progress in previous years. .

**Root Cause:** Lack of fidelity in the implementation of ESL strategies and the overall growth of the city of Taylor as well as a below-average exit rate among students in the school's ELL program.

**Problem Statement 2:** The learning gaps due to COVID-19 and homeschooling/virtual schooling still need to be addressed.

**Root Cause:** COVID-19 Pandemic

**Problem Statement 1 (Prioritized):** Performance in Math and Social Studies on the STAAR has improved but growth is still needed to reach the goals set for the campus.

**Root Cause:** Gaps in student learning due to the pandemic as well as a lack of targeted intervention for students in core subjects.

# School Culture and Climate

## School Culture and Climate Summary

Taylor Middle School will be a safe and nurturing campus that provides a wide range of extracurricular activities as well as providing a guaranteed and viable curriculum. Campus administration will continue the efforts for Taylor ISD and Taylor Middle School to inspire, equip, and empower students to reach their greatest potential by ensuring high-quality customer service and support for teaching staff by setting high expectations and utilizing positive reinforcement. Referral rates have steadily dropped from previous years and students' pride in their school and acceptance of responsibility and privileges have increased. Students and staff have shown excitement with the allowance of additional privileges and enrichment opportunities for students on campus but there are still an increased number of students across campus identified with mental health concerns so addressing these students and their needs is a priority. Clear directions and expectations for students and faculty/staff are needed to increase the upward trend in moral and behavior.

## School Culture and Climate Strengths

- Numerous students are actively involved in extracurricular activities including, but not limited to; UIL athletics and academics, National Junior Honor Society, Teen Leadership, Band, Choir, Cheer, and Outdoor Rec.
- Implementation of the Fundamental 5 strategies across the campus.
- Multiple staff and student recognition opportunities.

## Problem Statements Identifying School Culture and Climate Needs

**Problem Statement 1:** An increase in the number of students identified as requiring counseling/mental health intervention strategies on campus

**Root Cause:** Students are still dealing with the COVID-19 pandemic and the impact of this on mental health and moral.

# Staff Quality, Recruitment, and Retention

## Staff Quality, Recruitment, and Retention Summary

At TMS, we do our best to hire quality educators based on experience and their knowledge of Professional Learning Communities, relationship building, and student support and intervention. We maintained a goal to find educators who fit in a structured, goal-oriented, data-driven, collaborative campus. Taylor ISD provides staff with employer covered basic healthcare for the employee and implemented a 3% raise for all staff members.

We believe that students deserve great teachers. In order to ensure all of our teachers are continuing to grow, partnered with Region 13 to continue to grow and develop teachers, as well as provide teachers with opportunities to obtain additional certifications such as ESL and SPED. We also implemented targeted intervention for students in English and Math through "FIT" intervention time. We have also created a process and structure for PLCs across the core subject to allow teachers to work with each other to define learning goals for their students.

Retention: In order to retain great teachers, we will focus heavily on our climate and culture and our shared leadership.

## Staff Quality, Recruitment, and Retention Strengths

We were fully staffed this year at the beginning of the year and have empowered teachers across campus to take on leadership roles. The Campus leadership team, Instructional leadership team, and department chairs have also met to discuss campus moral and other factors around recruitment and retention.

## Problem Statements Identifying Staff Quality, Recruitment, and Retention Needs

**Problem Statement 1 (Prioritized):** Difficulty in recruitment of high qualified teachers.

**Root Cause:** Rural location and pay gap between TISD and some surrounding districts is a significant factor in teacher recruitment and retention

**Problem Statement 2:** Retention of teachers from year to year.

**Root Cause:** Need to empower teachers to take on leadership roles and lack of faculty support and positive moral.

# Curriculum, Instruction, and Assessment

## Curriculum, Instruction, and Assessment Summary

Taylor Middle School will utilize Taylor ISD's aligned curriculum and ensure it is guaranteed and viable to all students. Content area teams will collaborate over the summer and each week to determine essential standards, collaborate on what mastery looks like for those essential standards and share best practice teaching strategies. Team leads will also have the opportunity to attend the PLC conference this summer. Class sizes are kept lower than the state average. TMS will utilize formative assessments to drive instruction throughout the school year and provide data for student intervention and acceleration needs. Professional development is offered through the district and campus based on needs. We will use our partnership with TEA and TIL to implement the content enhancement routines and instructional playbook.

## Curriculum, Instruction, and Assessment Strengths

Our teachers work effectively in Professional Learning Communities. We successfully implemented Get Better Faster teaching and learning strategies.

## Problem Statements Identifying Curriculum, Instruction, and Assessment Needs

**Problem Statement 1 (Prioritized):** We have multiple achievement gaps that are not showing improvements.

**Root Cause:** Loss of learning due to covid and have not recovered yet.

**Problem Statement 2 (Prioritized):** We have students who are struggling to learn in the traditional classroom environment.

**Root Cause:** Some students are having difficulty conforming back to a traditional school environment.

# Parent and Community Engagement

## Parent and Community Engagement Summary

Taylor Middle School parent and community involvement will be a continued effort this school year. The district and campus have created committees for families and community members to share thoughts, concerns, and accolades. Implementation of a 6th-grade Launch, Open House, a campus community involvement committee, student mentoring programs, and student awards/recognition have shown to be successful and help promote student and community involvement. The PTO has been re-established on campus to allow for more parent and student engagement and regular updates (weekly) are sent out to stakeholders to keep them in the loop regarding activities and events on campus.

## Parent and Community Engagement Strengths

Taylor Middle school increased the use of social media, the campus website, and the principal's weekly newsletter. The re-establishment of the PTO has also allowed for greater interaction and engagement of outside stakeholders.

## Problem Statements Identifying Parent and Community Engagement Needs

**Problem Statement 1 (Prioritized):** Limited parent and community engagement opportunities throughout the year in the past

**Root Cause:** Over the last several years, collaboration with the community and stakeholders has not been at the level that it needs to be.

# School Context and Organization

## School Context and Organization Summary

Every department, teacher, and student creates goals to focus on areas of improvement throughout the year. We also take pride in a structured way of operating, so students will learn and respect the learning environment.

The campus follows a Monday-Friday 7:45-4:15 work day with classes from 8:06-3:50. All teachers are provided with a conference period and a 30-minute lunch period. Additionally, teachers in the 4 core subject areas are provided an additional period for Professional Learning Communities. This does not take away from teacher conference periods as those are still in place as well. Student lunches are staggered to accommodate facilities while maximizing instructional time on campus. The master schedule is also created in a way to prevent utilizing effectively the time of all teachers. Tutorials are also provided from 7:45-8:06 in the morning and after school with individual teachers at student request. The campus also has a yearly summer school that lasts for most of the month of June to provide students with the opportunity to recover knowledge lost during the previous school year.

The total number of discipline referrals in the 2022-2023 school year increased from 2020-2021 and 2021-2022 school year. It is believed that it is primarily due to the number of students in virtual learning in the 2020-2021 school and a restructure of expectations and a higher standard for students in the 2022-2023 school year.

- Staff are being trained prior to the beginning of the school in procedures for greeting and logging in visitors to campus.
- Office staff at the main entrance will greet visitors entering after ringing the bell, identify them, scan the visitor's identification using the Raptor System.
- Anyone entering the building that is not TMS faculty/staff will have to sign in on a visitor's log and be issued a visitor's pass if needed.
- If a parent picks up a student, the parent will be asked to wait while the student is located and brought to the office.

### DOORS

- The only acceptable student entrances will be the front door or the bus loop entrance.
- No students will be allowed to enter the building through any of the back doors unless escorted by staff.
- Exterior doors and the perimeter will be routinely monitored.

### HALLWAYS/RESTROOMS

- Teachers will be outside their classroom greeting students between class periods and monitoring the hallway.
- Hotspots were identified by discipline data and teacher input and will have staff assigned to those areas before and after school as well as during lunches with clearly identified expectations for monitoring and reporting including a procedure to obtain coverage in cases of absence.
- Assigned staff will also monitor/clear restrooms during passing periods at the end of passing periods and periodically during class time.

#### TEAMWORK AND ACCOUNTABILITY

- Regular system testing, and monitoring by the campus leadership team.
- Debriefs after all drills as well as clear communication to parents on drills.
- Regularly scheduled Safety Team meetings to plan/refine safety procedures with a set contact to reach out to with any questions or concerns.

#### STUDENT BEHAVIORS (RELATIONSHIPS MATTER)

- At the beginning of the year, each grade level will review behavior expectations led by the campus admin team.
- Discipline consequences were reviewed by TMS and THS administration and a common discipline matrix was created to ensure fair and equitable discipline consequences across the secondary campuses.
- TMS will focus heavily on building teacher/student relationships and creating an environment where all students and staff feel safe, supported, and able to work together collaboratively towards a common goal.

The master schedule has also been designed to maximize the amount of time spent in instruction as well as eliminate gaps in teacher schedules. Instruction is protected from unnecessary interruptions.

## School Context and Organization Strengths

Taylor Middle School has a productive Professional Learning Community. Planning time is embedded into the school day, along with valuable grade level collaboration. Teachers create all assessments where the data can be analyzed. As a result, important conversations about teaching and learning can take place. In addition, we operate under a common understanding of our mission, vision, and expected behaviors and traits throughout the campus. Additionally, there is a comprehensive school safety plan and anonymous bullying reports as well as a district and campus plan for the start of the school year. Protected instructional time for all teachers and the relative reduction in referrals for the last year in comparison to the last non-virtual school year (2019-2020).

## Problem Statements Identifying School Context and Organization Needs

**Problem Statement 1 (Prioritized):** PLCs have not been historically productive and have not held to the PLC model.

**Root Cause:** Overturn in staff and introduction of new campus leadership and new teacher leaders that needed to go through the team build process throughout the year to further the effectiveness of their PLCs.

**Problem Statement 2 (Prioritized):** Although there is a relative decrease in the number of referrals for last year, there is still a need for improvement.

**Root Cause:** Expectations and standards were not enforced with fidelity across the campus in prior years so campus admin is having to put new systems and expectations in to place.

# Technology

## Technology Summary

Taylor Middle School has classrooms with multiple facets of technology available to staff and students (desktops, laptops, iPads, smart boards, projectors, and document cameras). Student data will be tracked and analyzed using a variety of sources. We will also utilize a number of online programs to support student learning. Students on the TMS campus this year will be assigned technology if they are in 8th grade but the lower grades will have to show responsibility before iPads are assigned due to poor treatment of technology in the past by students. Instead, students will have class sets of iPads, Macbooks, or Chromebooks in the classroom to use.

## Technology Strengths

Implementing technology in the classroom that supports students, teachers and the curriculum. Providing professional development and support to implement and use technology effectively in the classroom.

## Problem Statements Identifying Technology Needs

**Problem Statement 1 (Prioritized):** Students have not historically taken care of technology assigned to them to take home.

**Root Cause:** Education on proper use of technology needs to be at the forefront and modeling use of technology in the classroom as well as clear expectations and consequences are needed.

# Priority Problem Statements

**Problem Statement 1:** Limited parent and community engagement opportunities throughout the year in the past

**Root Cause 1:** Over the last several years, collaboration with the community and stakeholders has not been at the level that it needs to be.

**Problem Statement 1 Areas:** Parent and Community Engagement

**Problem Statement 2:** Taylor Middle School has a growing ELL and economically disadvantaged population that will require additional support. Students have not made adequate progress in previous years. .

**Root Cause 2:** Lack of fidelity in the implementation of ESL strategies and the overall growth of the city of Taylor as well as a below-average exit rate among students in the school's ELL program.

**Problem Statement 2 Areas:** Demographics

**Problem Statement 3:** We have multiple achievement gaps that are not showing improvements.

**Root Cause 3:** Loss of learning due to covid and have not recovered yet.

**Problem Statement 3 Areas:** Curriculum, Instruction, and Assessment

**Problem Statement 4:** We have students who are struggling to learn in the traditional classroom environment.

**Root Cause 4:** Some students are having difficulty conforming back to a traditional school environment.

**Problem Statement 4 Areas:** Curriculum, Instruction, and Assessment

**Problem Statement 5:** PLCs have not been historically productive and have not held to the PLC model.

**Root Cause 5:** Overturn in staff and introduction of new campus leadership and new teacher leaders that needed to go through the team build process throughout the year to further the effectiveness of their PLCs.

**Problem Statement 5 Areas:** School Context and Organization

**Problem Statement 6:** Difficulty in recruitment of high qualified teachers.

**Root Cause 6:** Rural location and pay gap between TISD and some surrounding districts is a significant factor in teacher recruitment and retention

**Problem Statement 6 Areas:** Staff Quality, Recruitment, and Retention

**Problem Statement 7:** Performance in Math and Social Studies on the STAAR has improved but growth is still needed to reach the goals set for the campus.

**Root Cause 7:** Gaps in student learning due to the pandemic as well as a lack of targeted intervention for students in core subjects.

**Problem Statement 7 Areas:** Student Achievement

**Problem Statement 8:** Although there is a relative decrease in the number of referrals for last year, there is still a need for improvement.

**Root Cause 8:** Expectations and standards were not enforced with fidelity across the campus in prior years so campus admin is having to put new systems and expectations in to place.

**Problem Statement 8 Areas:** School Context and Organization

**Problem Statement 9:** Students have not historically taken care of technology assigned to them to take home.

**Root Cause 9:** Education on proper use of technology needs to be at the forefront and modeling use of technology in the classroom as well as clear expectations and consequences are needed.

**Problem Statement 9 Areas:** Technology

**Root Cause:** Not enough students are utilizing the Flight School program.

# Student Learning

## Student Learning Summary

Naomi Pasemann Elementary is in the process of completing the beginning of the year assessments using mClass for grades 1st - 2nd and Renaissance for grades 1st - 5th. Data indicates NPE needs to establish a strong tier 1 instruction along with small group and specialized instruction to meet the needs of our students.

## Student Learning Strengths

Naomi Pasemann Elementary students are showing signs of growth in the classroom since teachers have established WIN groups and small groups.

## Problem Statements Identifying Student Learning Needs

**Problem Statement 1:** Tier 1 instruction needs to be strengthened.

**Root Cause:** Accountability and consistent walkthroughs with feedback needed to strengthen tier 1 instruction.

# School Processes & Programs

## School Processes & Programs Summary

Naomi Pasemann Elementary uses the district required curriculum along with TEKs resource system. Teachers provide small group instruction for both reading and math.

Assessments are doing using mClass and Renaissance.

Admin along with teaching and learning team conducts walkthroughs and provide feedback to improve instruction.

Professional Learning Communities meet weekly to prepare high quality lessons and use data to drive instruction.

## School Processes & Programs Strengths

Naomi Pasemann Elementary is a part of the Texas Instructional Leadership program. Professional development on unpacking standards to create rigorous lesson plans took place. Teachers are submitting plans that reviewed and tweaked to support our students.

PLC's meet weekly prepare and drive instruction.

## Problem Statements Identifying School Processes & Programs Needs

**Root Cause:** Lack of training in the PLC process and a continuation of old practices.

# Perceptions

## Perceptions Summary

We believe a positive work environment helps motivate teachers to strive for improvement.

A positive culture is created through support for staff by the administration. Frequent celebrations (weekly shout outs), tokens of appreciation (soft drinks from Sonic and PTO support with weekly treats), positive attitudes, and an open door policy help foster this environment.

## Perceptions Strengths

Naomi Pasemann Elementary has hired exceptional teachers and has already seen improvements with procedures and classroom instruction.

Teachers are willing to open up classrooms to support other teachers.

## Problem Statements Identifying Perceptions Needs

**Problem Statement 1:** We need to build more teacher leaders and tap into the experts we have on campus.

**Root Cause:** Teachers hesitate to share their knowledge with others and step outside their comfort zone.

# Comprehensive Needs Assessment

## Demographics

### Demographics Summary

T.H. Johnson Elementary has a total enrollment of 298 students. The school is a Pre-Kindergarten and Kindergarten campus, with a student population consisting of: 0% Asian, 7% African American, 70% Hispanic, 20% Anglo, 0% American Indian or Alaska Native, and 2% Two or More Races. 84% of the student population is in regular education and 7.45% currently qualify for Special Education services. 0% of the school population is migrant students. The beginning of the year coding process for English Learners and Economically Disadvantaged students is not complete yet. T.H. Johnson Elementary qualifies as a school wide Title 1 campus. Title 1 funds, as well as all other federal and state funds are supplemental to other funds available to T.H. Johnson Elementary.

### Demographics Strengths

T.H. Johnson provides Pre-Kindergarten for 4-year old's to 130 students. In addition to providing free Pre-K for those who qualify, we also offer tuition-based Pre-K.

We also provide Pre-Kindergarten for 3-year old's to 31 students in half-day sessions and have 184 Kindergarteners enrolled.

### Problem Statements Identifying Demographics Needs

**Problem Statement 1:** The number of students attending Pre-K has remained lower than pre-Covid enrollment.

**Root Cause:** On-going concerns over Covid.

# Student Achievement

## Student Achievement Summary

EOY Kindergarten mClass data shows 36% of our students well below benchmark, 15% slightly below, 32% at, and 17% above benchmark in foundational reading skills. EOY 1st grade mClass data shows 54% of our students below benchmark and 46% at or above benchmark in foundational reading skills.

EOY 1st grade Renaissance data shows 53% of our students either well or slightly below benchmark and 47% at or above benchmark in reading comprehension skills.

\*Note: See attached graphics in Addendum.

## Student Achievement Strengths

As we've continued to implement the mClass assessment and increase the frequency of the Renaissance assessment, our ability to implement these assessments with fidelity has improved.

## Problem Statements Identifying Student Achievement Needs

**Problem Statement 1:** Reading and math assessment data did not show adequate levels of student performance gains.

**Root Cause:** Curriculum and standard alignment is needed at all levels. Teachers must unpack standards and design learning beginning with the end standard/goal in mind.

# School Culture and Climate

## School Culture and Climate Summary

T.H. Johnson Elementary strives to create a positive school culture for all stakeholders. At THJ, we are working hard to be positive, forward-thinking, and growth-mindset oriented. Our Campus Leadership Team is the key decision-making body at our school. Gathering input from all stakeholders, our Campus Leadership team both forges the vision of the campus and provides coaching and support to staff members as we work to continuously build capacity and strengthen our campus climate and culture.

## School Culture and Climate Strengths

At THJ, there is a focus on the social-emotional needs of our students. We are working to implement the Second Step curriculum which empowers students and teachers with practical tools to show growth socially and emotionally. The intent is to understand how internal emotional states dictate behavior and to build connections by creating a culture of compassion within the School Family -- both school-wide and in each classroom. Students hear common language related to positive behavior and expectations. Additionally, training to begin the Seven Habits of Happy Kids, Seven Covey framework is set for January.

With the help of the Positive Behavior Intervention and Support (PBIS) Committee, both school-wide and classroom systems are designed and modeled and teacher and student needs are met.

## Problem Statements Identifying School Culture and Climate Needs

**Problem Statement 1:** Opportunities for teacher input into school-wide systems has been somewhat limited

**Root Cause:** Lack of representation of team priorities in Campus Leadership Team and Campus Educational Improvement Council.

# Staff Quality, Recruitment, and Retention

## Staff Quality, Recruitment, and Retention Summary

T.H. Johnson Elementary strives to create a campus culture that encourages teacher retention by providing supports for all teachers.

## Staff Quality, Recruitment, and Retention Strengths

Teachers work together in small groups and as a team to plan engaging lessons and collaborate about best practices.

## Problem Statements Identifying Staff Quality, Recruitment, and Retention Needs

**Problem Statement 1:** THJ needs to develop campus instructional leaders with clear roles and responsibilities.

**Root Cause:** Much of the staff at tTHJ are Early Childhood experts in their specific area of responsibility. Organizing opportunities for leadership and defining roles and responsibilities within grade levels needs to be provided.

# Curriculum, Instruction, and Assessment

## Curriculum, Instruction, and Assessment Summary

T.H. Johnson provides a guaranteed and viable curriculum through the Pre-K Guidelines and the Kindergarten TEKS Resource System.

Pre-K classes maintain a 10:1 ratio. Kinder classes are kept at 22:1 or lower.

Teachers use data from common assessments and formative assessments to drive instruction and determine interventions.

Teachers meet weekly in planning pods and as a team to create engaging lessons. Teachers also meet weekly in PLC to collaborate on interventions and best practices.

Pre-K teachers utilize the CLI Engage CIRCLE assessment/universal screener. Kindergarten utilizes mCLASS Texas for Reading (at BOY, MOY, and EOY) and Renaissance Star 360 for Math (at EOY) as an assessment tool and universal screener.

## Curriculum, Instruction, and Assessment Strengths

The assessment and intervention process is becoming more streamlined this year as a result of shifting to these assessments/universal screeners and implementing them over time. Teachers are able to access and utilize actionable data to make instructional decisions for students.

## Problem Statements Identifying Curriculum, Instruction, and Assessment Needs

**Problem Statement 1:** Teachers need the data, time, and opportunity to plan for and implement data-driven instruction.

**Root Cause:** PLC time needs to be focused on planning and implementing data-driven instruction.

# Parent and Community Engagement

## Parent and Community Engagement Summary

TH Johnson provides many opportunities throughout the school year for parents to be involved with their child at the school (Meet the Teacher, Classroom 101, Reading Night, Math/Science Night, Christmas Around the World, Grandparents Day, Career Day, Field Day, Thanksgiving Lunch, awards ceremonies, classroom events, data meetings, and more).

Parents are encouraged to volunteer in the classrooms and with events on campus. Students take books home to read nightly with their parents. The counselor sends home weekly newsletters with activities for parents to do with their child.

The Parent Teacher Organization is active and organizes a variety of events for families throughout the school year (for example: a Bubble run, dances, movie nights, and game nights).

## Parent and Community Engagement Strengths

T.H. Johnson provides many opportunities for parents to be involved with their child both at school and home.

## Problem Statements Identifying Parent and Community Engagement Needs

**Problem Statement 1:** Parent involvement is limited.

**Root Cause:** Many parents only have students at THJ for 1-2 years because of campus structure.

## School Context and Organization

### School Context and Organization Summary

T.H. Johnson is the Pre-K and Kindergarten campus for Taylor ISD serving all 3, 4, 5, and 6 year olds for the district. As the early-childhood campus for the district, we can provide targeted professional development for teachers focusing on best practices for young learners.

### School Context and Organization Strengths

The interventionist at T.H. Johnson is a veteran early-childhood educator who is able to provide quality Tier 3 instruction to students in Kindergarten. Additionally, Head Start CDA training for IA's will provide an opportunity to increase instructional effectiveness in all of our IA's.

### Problem Statements Identifying School Context and Organization Needs

**Problem Statement 1:** Transitions between elementary schools can create obstacles for students and interruptions in services and learning.

**Root Cause:** There has historically been a lack of vertical alignment between the campuses.

# Technology

## Technology Summary

T.H. Johnson strives to provide a variety of learning opportunities for young students incorporating both hands-on learning and the use of technology.

## Technology Strengths

Each classroom at THJ has either a Mimio (interactive whiteboard) or an Promethean Board, document camera, a class-set of iPads, CD players for audio books, and an Apple TV.

## Problem Statements Identifying Technology Needs

**Problem Statement 1:** THJ lacks a high-quality, age-appropriate technology tool to deliver effective and engaging academic practice that is tailored to student needs.

**Root Cause:** While many programs of this nature abound, there are few which are high-quality and age-appropriate for the early childhood student.

# **STUDENT PERFORMANCE IN POSTSECONDARY INSTITUTIONS**

**Taylor Independent School District**  
**Summary - Violent or Criminal Incidents**  
**Incident Dates August 10,2023 – May 23, 2024**

TEC 39.306 requires that a district's Annual Performance Report include a statement of the number, rate, and type of violent or criminal incidents that occurred on each district campus, to the extent permitted under the Family Educational Rights and Privacy Act of 1974 (FERPA). To comply with this provision, this report gives the information reported in the PEIMS records with Taylor ISD.

A copy of the Taylor ISD Discipline Management Plan is available upon request from any campus principal. Additional information regarding school violence prevention and violence intervention policies and procedures may be obtained from the campus principal.

The Texas Prevention Impact Index (TPII) survey was administered in the fall of 2014 to all TISD students in grades 6-12. This survey was duplicated again in the fall of 2016. The summaries are available upon request from the TISD Director of Counseling. Longitudinal data from the past twenty years is also available upon request.

# 2022-2023 Accreditation Statuses

The Texas Education Agency awards an accreditation status to each public school district and charter school. The accreditation status is based on the academic accountability rating and financial ratings from the Financial Integrity Rating System of Texas. A district or charter must be accredited by the state to operate as a public school.

The district accreditation statuses for 2022-2023 are listed below:

# 2023–24 Texas Academic Performance Report (TAPR) Glossary

## Cover Page

Currently, the TAPR does not include scale scores, A–F ratings or Distinction Designations. The initial release does not include the District or Campus Accountability Reports. The issuance of the A–F ratings under 2024 rule is pending and subject to change.

**2024 Armed Services Vocational Aptitude Battery (ASVAB) Test (Career Exploration)** (*districts serving grades 10–12*): Senate Bill 1843 requires that each school year, each school district and open-enrollment charter school provide students in grades 10–12 the opportunity to take the ASVAB and consult with a military recruiter.

## Performance

**STAAR:** A comprehensive testing program for public school students in grades 3–8 or high school courses with end-of-course (EOC) assessments. The STAAR program is designed to measure to what extent a student has learned, understood, and is able to apply the concepts and skills expected at each grade level or after completing each course for which an EOC assessment exists. Each STAAR assessment is linked directly to the Texas Essential Knowledge and Skills (TEKS). The TEKS are the state-mandated content standards that describe what a student should know and be able to do upon completion of a course. For more information on the TEKS, see the *Texas Essential Knowledge and Skills* website at <http://tea.texas.gov/curriculum/teks/>.

### Other Important Information:

*STAAR (with and without accommodations) and STAAR Alternate 2.* The TAPR and the Texas Performance Reporting System (TPRS) include performance on STAAR and STAAR Alternate 2.

*Spanish STAAR.* All STAAR assessments in grades 3, 4, and 5 are available in both English and Spanish. The TAPR and the TPRS include performance on the Spanish STAAR.

*Rounding of STAAR results.* STAAR performance shown on the TAPR and TPRS is rounded to whole numbers. For example, 49.877% is rounded to 50%; 49.4999% is rounded to 49%; and 59.5% is rounded to 60%.

*Masking.* STAAR performance rates are masked when necessary to comply with FERPA. For more information, see the Explanation of Masking at <https://rptsvr1.tea.texas.gov/perfreport/tapr/2024/masking.html>.

## STAAR Performance (2023–24)

The STAAR Performance section displays performance results by grade, subject and performance level for students in the accountability subset, which are students enrolled in the same district/campus on both the snapshot date (PEIMS October snapshot) and the testing date. The STAAR Performance–All Students section of the TPRS displays STAAR performance by grade, subject, and performance level and includes all students tested, regardless of whether they were in the accountability subset.

## Progress (Annual Growth, Accelerated Learning and STAAR Progress Measure)

*School Progress Domain—Annual Growth* is the percentage of students that grew academically by at least one school year. For STAAR assessments (with or without accommodations), annual growth is measured by a transition table. Individual student growth is calculated as the change between Low Did Not Meet Grade Level, High Did Not Meet Grade Level, Low Approaches Grade Level, High Approaches Grade Level, Meets Grade Level, and Masters Grade Level performance from the prior year to the current year.

*School Progress Domain—Accelerated Learning* is the percentage of students who earned Did Not Meet Grade Level in the prior year and were accelerated to Approaches Grade Level or above in the current year.

The above measures were used to determine the Annual Growth and Accelerated Learning in the Bilingual Education/ESL report.

## Bilingual Education/ESL

**Bilingual Education (BE):** Dual-language program that enables emergent bilingual (EB) students/English learners (ELs) to become proficient in listening, speaking, reading, and writing in the English language through the development of literacy and academic skills in the primary language and English. This category includes the following:

- *BE Trans Early Exit.* Bilingual program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria to be successful in English-only instruction not earlier than two or later than five years after the student enrolls in school.
- *BE Trans Late Exit.* Bilingual program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school.
- *BE Dual Two-Way.* Bilingual/biliteracy program model in which students identified as EB students/ELs are integrated with non-EB/non-EL students and are served in both English and another language and are prepared to meet reclassification criteria in order to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school. This model provides ongoing instruction in literacy and academic content in English and another language with at least half of the instruction delivered in the non-English program language for the duration of the program.
- *BE Dual One-Way.* Bilingual/biliteracy program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria in order to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school. This model provides ongoing instruction in literacy and academic content in the students' primary language as well as English, with at least half of the instruction delivered in the students' primary language for the duration of the program.

## (TAPR) Glossary

**English as a Second Language (ESL):** An English acquisition program that enables emergent bilingual (EB) students/English learners (ELs) to become proficient in listening, speaking, reading, and writing in the English language through the integrated use of second language acquisition methods. This category includes the following:

- *ESL Content-Based.* An English acquisition program that serves students identified as EB students/ELs through English instruction by a teacher appropriately certified in ESL under TEC, §29.061(c), through English language arts and reading, mathematics, science, and social studies.
- *ESL Pull-Out.* An English program that serves students identified as EB students/ELs through English instruction provided by an appropriately certified ESL teacher under the TEC, §29.061(c), through English language arts and reading. Instruction shall be provided by the ESL teacher in a pull-out or inclusionary delivery model.

**Alternative Language Program (ALP):** An alternative language program provided to emergent bilingual (EB) students/English learners (ELs) for whom the local education agency (LEA) does not have the appropriately certified teachers for the required bilingual education or English as a second language (ESL) program for the current school year. This category includes the following:

- *ALP Bilingual (Exception).* An alternative language program to the required bilingual education (BE) program approved by the TEA for the current school year due to the LEA's submission of a bilingual education exception application.
- *ALP ESL (Waiver).* An alternative language program to the required English as a second language (ESL) program approved by the TEA for the current school year due to the LEA's submission of an ESL waiver application.

**Emergent Bilingual (EB) Students/English Learner (EL):** The count and percentage of students whose primary language is other than English and who are in the process of acquiring English. As a result of the 87th Texas Legislature, the term “emergent bilingual student” replaced the term of “limited English proficient (LEP) student” used in the Texas Education Code (TEC), Chapter 29, Subchapter B, and thus, will be changing the term of “English learner (EL)” used in 19 TAC Chapter 89, Subchapter BB. These terms describe the same group of Texas students. In the revised Texas Education Data Standards (TEDS), the terms of “emergent bilingual” and “English learner” have been bridged as EB/EL. The term “English learner” is still used in federal regulations and guidance. This category includes:

- *EB/EL with Parental Denial.* Students identified as emergent bilingual (EB) students/English learners (ELs) whose parents have denied all bilingual and ESL program services.
- *Never EB/EL.* Students who have never been identified as EB students/ELs (non-EB/non-EL students).
- *Total EB/EL (Current).* Students currently identified as EB students/ELs, including those served in a standard or alternative bilingual or ESL program as well as those with a parental denial of services.
- *Monitored & Former EB/EL.* Students who were once identified as EB students/ELs but have reclassified as English proficient, including students within their four years of state and federal monitoring and those beyond monitoring years.

## STAAR Participation (2023–24)

This Texas Academic Performance Report (TAPR) provides the State Assessment participation rate as used in State Accountability. This participation rate includes students who are considered participants

# 2023–24 Texas Academic Performance Report

## (TAPR) Glossary

for state reporting purposes but are excluded from the federal participation rate. The report details the participation rate by All Tests, Reading, Mathematics, Science, Social Studies, and Accelerated Testers and which assessments and students are included or excluded from accountability.

### *Assessment Participants*

- STAAR Assessments:
  - Includes STAAR and STAAR Alternate 2 assessments with a score code of "S."
- STAAR Alternate 2 Assessments:
  - Includes assessments with a score code of "N."
- STAAR Reading Language Arts (RLA) Assessments:
  - Includes STAAR and STAAR Alternate 2 assessments with a score code of "A" or "O," provided a TELPAS or TELPAS Alternate assessment has a score code of "S."
- STAAR Mathematics Assessments:
  - Includes assessments with a score code of "A" or "O," provided a TELPAS or TELPAS Alternate assessment has a score code of "S" for year 1 asylees/ refugees or students with interrupted formal education (SIFEs).
- Accelerated Testers:
  - This includes Evidence-Based Reading and Writing (EBRW) SAT, English Language Arts (ELA) ACT, ACT science, and mathematics SAT and ACT results for students who complete a STAAR End-of-Course (EOC) assessment at the Approaches Grade Level or above in Algebra I, English II, and/or Biology before grade 9.

### *Included in Accountability:*

- This represents the state assessment participation rate used in state accountability measures.
- Includes all of the participants listed above, except for students classified as "Mobile" or under "Other Exclusions."

### *Not Included in Accountability:*

- **Mobile:** Refers to the percentage of assessments excluded from the "Included in Accountability" rate because the students enrolled in the district or campus after the Texas Student Data System (TSDS) Public Education Information Management System (PEIMS) fall snapshot date.
- **Other Exclusions:** Refers to the percentage of assessments excluded from the "Included in Accountability" rate for the following reasons:
  - STAAR Assessments (STAAR and STAAR Alternate 2) with score codes "A" or "O" that do NOT have a corresponding TELPAS or TELPAS Alternate assessment with a score code of "S."
  - STAAR Alternate 2 assessments with a score code of "N."
  - Answer documents of students who are an Emergent Bilingual/English learner (EB/EL) who has been in school in the U.S. for one year.
  - Other exclusions specified in the 2024 Accountability Manual — [Appendix G](#).

### *Not Tested*

- Assessments that are not considered in the participation rate include:
  - Absent: Assessments with a score code of "A."
  - Other: Assessments with a score code of "O."
  - Accelerated Testers: Accelerated testers who did not take an SAT/ACT assessment.

# 2023–24 Texas Academic Performance Report (TAPR) Glossary

The denominator for participation is the sum of these five categories: Included in Accountability, Mobile, Other Exclusions, and Not Tested (Absent and Other). *STAAR Participation Rate* is rounded to a whole number. For example, 94.49% is rounded to 94%. Small values may show as zero: 0.4% is rounded to 0%, and 0.6% is rounded to 1%.

## Attendance, Graduation, and Dropout Rates (2023–24)

**Attendance Rate:** The percentage of days that students were present based on student attendance for the entire school year. Only students in grades 1–12 are included in the calculation.

Attendance is calculated as follows:

$$\frac{\text{total number of days that students in grades 1–12 were present during the 2022–23 school year}}{\text{total number of days that students in grades 1–12 were in membership during the 2022–23 school year}}$$

(Data source: PEIMS 42400)

**Chronic Absenteeism:** The unduplicated number of K–12 students enrolled for at least 10 days and absent for 10 percent or more days. Chronic Absenteeism is calculated as follows:

$$\frac{\text{total number of K–12 students enrolled for at least 10 days and absent for 10 percent or more days during the 2022–23 school year}}{\text{total number of K–12 students enrolled for at least 10 days during the 2022–23 school year}}$$

(Data source: PEIMS 42400)

**Annual Dropout Rate:** The percentage of students who drop out of school during a school year. Annual dropout rates are shown for districts and campuses that serve grades 7–8 and/or 9–12. State law prohibits including a student who meets any of the following criteria from campus and district annual dropout rate calculations:

- Is ordered by a court to attend a high school equivalency certificate program but has not earned a high school equivalency certificate
- Was previously reported to the state as a dropout (previous dropout exclusions do not apply to completion measure calculations for AEA campuses)
- Was in attendance but not in membership for purposes of average daily attendance (i.e., students for whom school districts are not receiving state Foundation School Program [FSP] funds)
- Was initially enrolled in a school in the United States in any grade 7 through 12 as an unschooled refugee or asylee as defined by [TEC §39.027\(a-1\)](#)
- Attends a district exclusively as a function of having been detained at a county detention facility and is not otherwise a student of the district in which the facility is located or is being provided

# 2023–24 Texas Academic Performance Report

## (TAPR) Glossary

services by an open-enrollment charter school exclusively as the result of having been detained at the facility

- Is incarcerated in a state jail or federal penitentiary as an adult or as a person certified to stand trial as an adult
- Is a student who has suffered a condition, injury, or illness that requires substantial medical care and leaves the student unable to attend school and assigned to a medical or residential treatment facility
- Is a student in a Texas Juvenile Justice Department facility or residential treatment facility served by a Texas public school district
- Is at least 18 years of age as of September 1 and has satisfied the credit requirements for high school graduation; has not completed his or her individualized education program (IEP); and is enrolled and receiving IEP services
- Is a student who (a) is at least 18 years of age and under 26 years of age; (b) has not been previously reported as a dropout; and (c) has not been enrolled in school during the previous nine months before enrolling in a high school equivalency program, a dropout recovery school, or an adult education program provided under a high school diploma and industry certification charter school program (previous dropout/previous dropout exclusions do not apply to completion measure calculations for AEA campuses)

*Annual Dropout Rate (Gr 7–8).* This includes only grades 7 and 8. It is calculated as follows:

$$\frac{\text{number of dropouts in grades 7 and 8 during the 2022–23 school year}}{\text{number of students in grades 7 and 8 in attendance at any time during the 2022–23 school year}}$$

*Annual Dropout Rate (Gr 9–12).* This includes grades 9 through 12. It is calculated as follows:

$$\frac{\text{number of dropouts in grades 9–12 during the 2022–23 school year}}{\text{number of students in grades 9–12 in attendance at any time during the 2022–23 school year}}$$

Both annual dropout rates appear on campus, district, region, and state TAPRs. The state and region annual dropout rates that are reported on district and campus TAPRs, however, are calculated without the exclusions required for campus and district calculations.

Note that with all annual dropout rate calculations, a cumulative count of students is used in the denominator. This method for calculating the dropout rate neutralizes the effect of mobility by including in the denominator every student ever reported in attendance at the district or campus throughout the school year, regardless of length of enrollment. For a more complete description of dropout rates and exclusions, see the [Secondary School Completion and Dropouts in Texas Public Schools, 2022–23](#) reports, available on the TEA website at [Completion, Graduation, and Dropout | Texas Education Agency](#).

For detailed information on data sources, see Appendix H in the [2024 Accountability Manual](#). (Data source: PEIMS 40203, 40110, 42400, and 42500)

**Longitudinal Rates:** The status of a group (cohort) of students after four years in high school (*4-Year Longitudinal Rate*), after five years in high school (*5-Year Extended Longitudinal Rate*), or after six years in high school (*6-Year Extended Longitudinal Rate*).

For the *4-Year Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2019–20. They are followed through their expected graduation with the Class of 2023.

For the *5-Year Extended Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2018–19. They are followed for five years and included if they graduated within a year after their expected graduation with the Class of 2022.

For the *6-Year Extended Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2017–18. They are followed for six years and included if they graduated within two years after their expected graduation with the Class of 2021.

### *Additional Information on Cohorts:*

A student transfers into a campus, district, or state cohort when he or she moves into the cohort from another high school in Texas, from another district in Texas, or from out of state.

A student transfers out of a campus or district cohort when he or she moves to another public high school in Texas or moves to another district in Texas. Note that these students are transferred into the cohort of the high school or district to which they moved. There are also students who move out of state or out of the country and students who transfer to private schools or who are home-schooled. These types of transfer students cannot be tracked and are not included in longitudinal rate calculations.

A student does not change cohorts if he or she repeats or skips a grade. A student who begins with the 2019–20 ninth-grade cohort remains with that cohort. A student who started the ninth grade in 2019–20 but takes 5 years to graduate (i.e., graduates in May 2024) is still part of the 2023 cohort; he or she is not switched to the 2024 cohort. This student would be considered a continuing student and counted as part of the Continued HS number for the Class of 2023. This is also true for the five-year and six-year extended longitudinal cohorts.

There are four student outcomes used in computing each longitudinal rate:

### ***4-Year Longitudinal Rate***

- (1) *Graduated:* The percentage who received their high school diploma in four years or fewer by August 31, 2023 for the 2023 cohort.

- (2) *Received TxCHSE:* For the 2023 cohort, the percentage who received a Texas high school equivalency certificate by August 31, 2023. It is calculated as follows:

## College, Career, or Military\* Readiness (CCMR) (2023–24)

Annual graduates demonstrate college, career, or military readiness in any one of the following ways:

### College Readiness

- 1) **Texas Success Initiative (TSI) Criteria:** Meet Texas Success Initiative (TSI) Criteria in RLA and Mathematics. A student meeting the TSI college readiness standards in both RLA and mathematics; specifically, meeting the college-ready criteria on the TSIA1 and/or TSIA2 assessment, SAT, ACT, or by successfully completing and earning credit for a college prep course as defined in TEC §28.014 and TEC §51.338, in both RLA and mathematics. The criteria for successful completion of a college prep course should be in alignment between an LEA and the partnering IHE(s). In accordance with TEC §51.338(e), upon successful completion of a college prep course, students earn a TSI exemption from the partnering IHE(s) in that content area. Students should only be reported as successfully completing a course if they have met TSI exemption requirements. The assessment results considered include TSIA1 and/or TSIA2 assessments through October 2023, SAT and ACT results through the July 2023 administration, and course completion data via TSDS PEIMS. See Appendix H for additional information. A student must meet the TSI requirement for both RLA and mathematics but does not necessarily need to meet them on the same assessment. For example, a student may meet the TSI criteria for college readiness in RLA on the SAT and complete and earn credit for a college prep course in mathematics. (*Data source: PEIMS 43415, THECB, College Board, and ACT, Inc.*)
- 2) **Earn Dual Course Credits:** A graduate completing and earning credit for at least three credit hours in ELA or mathematics or at least nine credit hours in any subject. (*Data source: PEIMS 43415*)
- 3) **Meet Criteria on Advanced Placement (AP)/International Baccalaureate (IB) Examination:** A graduate meeting the criterion score on an AP or IB examination in any subject area. Criterion score is 3 or more for AP and 4 or more for IB. (*Data source: College Board or IB*)
- 4) **Earn an Associate Degree:** A graduate earning an associate degree by August 31 immediately following high school graduation. (*Data source: PEIMS 40100*)
- 5) **Earn OnRamps Course Credits:** A graduate completing an OnRamps dual enrollment course and qualifying for at least three hours of university or college credit in any subject area. (*Data source: OnRamps program*)
- 6) **Graduates under an Advanced Diploma Plan and Identified as a current Special Education Student:** A graduate who is identified as receiving special education services during the year of graduation and whose graduation plan type is identified as a Recommended High School

(*Data source: PEIMS 40203*)
- 9) **Graduate with Level I or Level II Certificate:** A graduate earning a level I or level II certificate in any workforce education area. (*Data source: THECB*)

**Only College Ready:** The percentage of annual graduates who demonstrated only college readiness by meeting college ready criteria 1, 2, 3, 4, 5 or 6 but did not meet any of the career and military ready criteria 7, 8, 9 or 10 described in *College, Career, or Military Readiness*.

**Only Career/Military Ready:** The percentage of annual graduates who demonstrated only career or military readiness by meeting career or military ready criteria 7, 8, 9 or 10 but did not meet any of the college ready criteria 1, 2, 3, 4, 5 or 6 described in *College, Career, or Military Readiness*.

## Student Information (2023–24)

Please note, the Enrollment section of this report was added beginning with 2019–20. The definitions below describe the nuances between Membership and Enrollment. If comparing the data shown from this year’s report to reports prior to 2019–2020, use the data displayed under Membership.

**Enrollment:** Students reported as enrolled as of the last Friday in October.

**Membership:** Membership differs from enrollment, as it does not include those students who are served for less than two hours per day. A student is in membership if he/she is enrolled and is either

- scheduled to attend at least two hours of instruction each school day or
- participating in an alternative attendance accounting program.

For example, the count of *Total Students* excludes students who attend a non-public school but receive some services, such as speech therapy—for less than two hours per day—from their local school district.

**Total Students:** The total number of public school students who were reported at any grade from early childhood education through grade 12. (*Data source: PEIMS 40110*)

**Students by Grade:** The count of students in each grade divided by the total number of students. (*Data source: PEIMS 40110*)

**Ethnic Distribution:** The number and percentage of students who are identified as belonging to one of the following groups: African American, Hispanic, white, American Indian, Asian, Pacific Islander, and two or more races. (*Data source: PEIMS 40100, 30040, 30050, 30090*)

**Male/Female:** The number and percentage of students who are identified as male or female. (*Data source: PEIMS 40100*)

**Economically Disadvantaged:** The count and percentage of students eligible for free or reduced-price lunch or eligible for other public assistance.

**number of students eligible for free or reduced-price lunch or other public assistance**

**Section 504 Students:** The count and percentage of students identified as receiving section 504 services. *(Data source: PEIMS 40110)*

**Emergent bilingual students/English learner (EB/EL) :** The count and percentage of students whose primary language is other than English and who are in the process of acquiring English. The terms “English Learner” (EL) and “Emergent Bilingual” (EB) are used interchangeably.

The percentage of EB/ELs is calculated by dividing the number of EB/ELs by the total number of students in the district or campus. Not all students identified as EB/ELs receive bilingual or English as a second language instruction. *(Data source: TELPAS file)*

**Students with Disciplinary Placements:** The count and percentage of students placed in alternative education programs under [Chapter 37 of the Texas Education Code](#) (Discipline; Law and Order). Districts report the disciplinary actions taken toward students who are removed from the classroom for at least one day. Although students can have multiple removals throughout the year, this measure counts students only once and includes only those whose removal results in a placement in a disciplinary alternative education program or juvenile justice alternative education program. It is calculated as follows:

$$\frac{\text{number of students with one or more disciplinary placements}}{\text{number of students who were in attendance at any time during the school year}}$$

For 2023–24, the following 19 disciplinary action codes are included as disciplinary placements: 02, 03, 04, 07, 08, 10, 12, 13, 14, 15, 51, 52, 53, 54, 55, 57, 59, 60, and 61. *(Data source: PEIMS 44425)*

**Foster Care:** The count and percentage of students identified as in the conservatorship of the Department of Family and Protective Services (DFPS). *(Data source: PEIMS 40100)*

**Homeless:** The count and percentage of students meeting the criteria defined by 42 U.S.C. Section 11434(a), the term “homeless children and youths” —

**Mobility:** The count and percentage of students who have been in membership for less than 83 percent of the school year (i.e., missed six or more weeks).

---

**number of mobile students in 2022–23**

---

**number of students who were in membership at any time during the  
2022–23 school year**

This rate is calculated at the state, region, district, and campus level and is disaggregated by race/ethnicity, economically disadvantaged status, special education status, and emergent bilingual students/English learner status. The mobility rates shown are based on the count of mobile students identified at the campus level. The district mobility rate reflects school-to-school mobility within the

same district or from outside the district. The region mobility rate reflects school-to-school mobility within the same region or from outside the region. (*Data source: PEIMS 42400*)

**Attrition Rate:** The percentage of students enrolled in fall 2022-23 who did not return to the same campus in the fall of 2023-24. This calculation is adjusted to account for the grade levels available to students at each campus as well as additional factors. For instance, students were excluded from the calculation if the campus in which they were enrolled in 2022-23 did not offer the next grade they were expected to move into in 2023-24 or if they were at a campus in 2022-23 that was no longer active in 2023-24. Students who were retained in grade, including those in Grade 12, remained in the calculation.

Some campuses may not receive an attrition rate because all of their students are excluded from the attrition denominator due to their subsequent grade level not being offered at that campus in 2023-24. Examples of such campuses are campuses that serve single grade levels or campuses that changed the grades offered in 2023-24. Attrition Rate is calculated as follows:

$$\frac{\text{number of students enrolled in fall 2022} - \text{number of students who returned in fall 2023}}{\text{number of students enrolled in fall 2022}}$$

Aggregations of campus denominators and numerators are created for district, region and state levels, and rates for each of those levels are calculated from these sums.

**Retention Rates by Grade:** The percentage of students in Texas public schools who enrolled in fall 2023 in the same grade in which they were reported for the last six-week period of the prior school year (2022–23).

$$\frac{\text{number of students enrolled in the same grade from one school year to the next}}{\text{number of students enrolled from one school year who return the next year or who graduate}}$$

Special education retention rates are calculated and reported separately because local retention practices differ for students served by special education.

The TAPR and TPRS show retention rates only for grades K–9. Retention rates for all grades can be found in [Grade-Level Retention in Texas Public Schools, 2022-23](#) available from TEA. (*Data source: PEIMS 40110*)

**Data Quality** (*not on campus profile*): The percentage of errors made by the district in the PEIMS Student Leaver Data.

**Percent of Underreported Students.** Underreported students are 7<sup>th</sup>–12<sup>th</sup> graders who were enrolled at any time during the prior year, who are not accounted for through district records or TEA processing in the current year, and for whom the district did not submit a leaver record. A district is required to submit a leaver record for any student served in grades 7–12 the previous year unless the student received a Texas high school equivalency certificate (TxCHSE) certificate by August 31, is a previous Texas public school graduate, moved to and enrolled in another Texas

**Class Size Averages by Grade and Subject:** The average class size by grade (elementary) or selected subjects (secondary classes).

For secondary classes, averages are determined by totaling the number of students served (in a subject at the campus) and dividing that sum by the count of classes for that subject.

For elementary classes, the average is determined based on the instructional model. If an elementary teacher teaches all subjects to the same group of fourth graders all day, the class size average is simply the number of fourth grade students served by that teacher. If an elementary teacher teaches a single subject to five different sections of fourth graders each day, however, the average is calculated the same way as for secondary subjects. For example, one fourth grade science teacher teaches five science classes each day with 18, 20, 19, 21, and 22 students in each class. The total of 100 students divided by the five classes produces an average class size of 20 students for that teacher.

The following rules apply to the average class sizes:

- Classes identified as serving regular, compensatory/remedial, gifted and talented, career and technical, and honors students are included in the calculation.
- English language arts (ELA), mathematics, science, social studies, languages other than English, computer science, and career and technical education are included in the calculation, as are self-contained classrooms.
- Classes where the number of students served is reported as zero are not included.
- Service codes with the “SR” prefix are not included.
- Teacher roles coded as “teacher” and/or “substitute teacher” are included.
- Only class settings coded as “regular class” are included.
- Missing partial FTE counts are not included.
- Elementary classes in which the number of students exceeds 100 are not included.
- Mixed grade-level class averages are not included.

## Staff Information (2023–24)

**Total Staff:** The total count of staff which includes professional staff (teachers, professional support, administrators), educational aides, and (on the district profile) auxiliary staff. *(Data source: PEIMS 30040, 30050, and 30090)*

# 2023–24 Texas Academic Performance Report

## (TAPR) Glossary

**Professional Staff:** The full-time equivalent (FTE) count of teachers, professional support staff, campus administrators, and on the district profile, central office administrators. Staff are grouped according to roles as reported in PEIMS. Each type of professional staff is shown as a percentage of the total staff FTE. See Appendix B for all PEIMS Role IDs. *(Data source: PEIMS 30040, 30050, and 30090)*

**Educational Aides:** The count and percentage of paraprofessional staff who are reported with a role of 033 (Educational Aide) or 036 (Certified Interpreter). The FTE counts of educational aides are expressed as a percentage of the total staff FTEs. See Appendix B for all PEIMS Role IDs. *(Data source: PEIMS 30090)*

**Auxiliary Staff** *(not on campus profile)*: The count of full-time equivalent (FTE) staff reported in PEIMS employment and payroll records who are not reported in the PEIMS 30090 Staff – Responsibilities record. The auxiliary staff (and educational aide who performs routine classroom tasks under the general supervision of a certified teacher or teaching team) are expressed as a percentage of total staff. For auxiliary staff, the FTE is the value of the percentage of day worked. *(Data source: PEIMS 30060 and 30090)*

**Librarians and Counselors (Headcount):** The headcount of librarians and counselors is based on full-time equivalent (FTE) for full-time and part-time headcounts. Librarians and counselors are considered part-time when the FTE count is less than or equal to .85 (For example, if an FTE count is less than or equal to .85, the part-time headcount is equal to 1).

Librarians and counselors are headcounts, not sums of FTEs. The district headcount is not a sum of the campus headcount. For example, a counselor spends 50 percent of their time at the elementary (0.50 FTE) and 50 percent of their time at the high school (0.50 FTE). On each of the campus reports, this counselor will be reflected as 1.0 part-time counselor. On the district report, the counselor will be reflected as 1.0 full-time counselor since the FTE count is greater than .85 (0.50 FTE plus 0.50 FTE=1.0 FTE). See Appendix B for PEIMS Role IDs (Professional Support Staff). *(Data source: PEIMS 30040, 30050, and 30090)*

**Total Minority Staff:** The total count of minority staff is the sum of the FTE counts for all non-white staff groups (African American, Hispanic, American Indian, Asian, Pacific Islander, and Two or More Races). The minority staff FTE count is expressed as a percentage of the total staff FTE. *(Data source: PEIMS 30040, 30050, and 30090)*

**Teachers by Ethnicity and Sex:** The counts of teacher FTEs by ethnic group and by sex. Counts are also expressed as a percentage of the total teacher FTEs. *(Data source: PEIMS 30040, 30050, and 30090)*

**Teachers by Highest Degree Held:** The distribution of degrees held by teachers. The FTE counts of teachers with no degree, a bachelor's degree, a master's degree, or a doctorate are expressed as a percentage of the total teacher FTEs. *(Data source: PEIMS 30040, 30050, and 30090)*

**Teachers by Years of Experience:** The FTE count of teachers by total years of experience for the individual, not necessarily years of experience in the district or campus. Teacher counts within each range of experience are expressed as a percentage of total teacher FTEs. Teachers are reported with zero years of experience (first year teachers), 1–5 years, 6–10 years, 11–20 years, 21–30 years, and over 30 years. *(Data source: PEIMS 30040, 30050, and 30090)*

# 2023–24 Texas Academic Performance Report (TAPR) Glossary

**Number of Students per Teacher:** The total number of students divided by the total teacher FTE count.  
(Data source: PEIMS 30040, 30050, and 30090)

**Experience of Campus Leadership:** The average years of experience for principals and assistant principals.

*Average Years as Principal:* The number of completed years of experience as a principal, regardless of district or interruption in service. These amounts are added together and divided by the number of all principals reported for the campus.

*Average Years as Principal with District:* The number of years a principal is employed in the district regardless of any interruption in service. The amounts are added together and divided by the number of principals reported for the district.

*Average Years as Assistant Principal:* The number of completed years of experience as assistant principal, regardless of district or interruption of service. The amounts are added together and divided by the number of assistant principals reported for the campus.

*Average Years as Assistant Principal with District:* The number of years employed as assistant principal in the district regardless of any interruption in service. These amounts are added together and divided by the number of assistant principals reported for the district.

(Data source: PEIMS 30050)

**Average Years Experience of Teachers:** The average number of completed years of professional experience, regardless of district. Weighted averages are calculated by multiplying each teacher's FTE coefficient (1 for a full-time teacher, .75 for a three-quarter-time teacher, and .5 for a half-time teacher, for example) by his or her years of experience. These amounts are added together and divided by the sum of all teachers' FTE coefficients. (Data source: PEIMS 30040, 30050, and 30090)

**Average Years Experience of Teachers with District:** The average number of years employed in the district regardless of any interruption in service. Weighted averages are calculated by multiplying each teacher's FTE coefficient by his or her years of experience in the district. These amounts are added together and divided by the sum of all teacher's coefficients. (Data source: PEIMS 30050)

**Average Teacher Salary by Years of Experience (regular duties only):** Total pay for all teachers in each category divided by the total teacher FTE count in that category. For the purpose of this calculation, the total actual salary amount is pay for regular duties only and does not include supplemental pay. For teachers who also have non-teaching roles, only the portion of time and pay dedicated to classroom responsibilities is factored into the average teacher salary calculation. Teachers are reported with zero years of experience (first year teacher), 1–5 years, 6–10 years, 11–20 years, 21–30 years, and over 30 years. (Data source: PEIMS 30060)

**Average Actual Salaries (regular duties only):** For each category, the total salary for that category divided by the total FTE count for that category. Only payment for regular duties is included in the total salary; supplemental payments for extra duties (e.g., coaching, band and orchestra assignments, club sponsorships) are not included. See Appendix B for lists of the PEIMS role IDs included in each category.

*Teachers.* Teachers, special duty teachers, and substitute teachers. Substitute teachers are either temporarily hired to replace a teacher or hired permanently on an as-needed basis. The District

Teacher Salary Report and Graph also uses this definition in creating counts for various salary ranges.

*Professional Support.* Therapists, nurses, librarians, counselors, and other campus professional personnel.

*Campus Administration (School Leadership).* Principals, assistant principals, and other administrators reported with a specific school ID.

*Central Administration (not on campus profile).* Superintendents, presidents, chief executive officers, chief administrative officers, business managers, athletic directors, and other administrators reported with a central office ID and not a specific school ID.

**Instructional Staff Percent** (*district profile only*): The percentage of the district's FTEs whose job function was to provide classroom instruction directly to students during the 2022–23 school year. The instructional staff percent is a district-level measure and is calculated as follows:

$$\frac{\text{total number of hours for district staff who were reported under expenditure object codes 6112, 6119, and 6129, and function codes 11, 12, 13, and 31}}{\text{total number of hours worked by all district employees}}$$

Contact the Division of Financial Compliance at (512) 463-9095 for further details about this measure. (*Data source: PEIMS 30040, 30050, and 30090*)

**Turnover Rate for Teachers** (*not on campus profile*): The percentage of teachers from the fall of 2022–23 who were not employed in the district in the fall of 2023–24. It is calculated as the total FTE count of teachers from the fall of 2022–23 who were not employed in the district in the fall of 2023–24, divided by the total teacher FTE count for the fall of 2022–23. Staff who remained employed in the district but not as teachers also count toward teacher turnover. (*Data source: PEIMS 30040 and 30090*)

**Staff Exclusions** (*not on campus profile*): The counts of individuals who serve public school students but are not included in the FTE totals for any of the other employee statistics. There are two types of these entries: individuals participating in a shared services arrangement and individuals on contract with the district to provide instructional services.

*Shared Services Arrangement (SSA) Staff* are staff who work in schools located in districts other than their employing district or whose assigned organization (in PEIMS) shows a code of 751, indicating that they are employed by the fiscal agent of an SSA. Only the portion of a person's total FTE amount associated with the school in another district (or with the 751 organization code) is counted as SSA. SSA staff are grouped into three categories: Professional Staff (which includes teachers, administrators, and professional support); Educational Aides; and Auxiliary Staff. Note that SSA Auxiliary Staff are identified by the type of fund from which they are paid.

*Contracted Instructional Staff (District and Campus Profiles)* refers to counts of instructors for whom the district has entered into a contractual agreement with some outside organization. Through the contract, the outside organization has committed to supplying instructional staff for the district. They are never employees of the reporting school district. (*Data source: PEIMS 30055 and 30060*)

# 2023–24 Texas Academic Performance Report

## (TAPR) Glossary

**Contracted Instructional Staff:** The count of individuals who are not regular classroom teachers who have signed a contract with a district, nor are they shared services arrangement employees. Rather, these are instructors for whom the district has entered into a contractual agreement with an outside organization. Through the contract, the outside organization has committed to supplying instructional staff for the district. They include, but are not limited to, speech therapists, occupational therapists, and any other professional contracted staff working in a classroom on a dedicated basis. *(Data source: PEIMS 30055)*

**Teacher Incentive Allotment (TIA):** The headcount of teachers who received incentive allotment per House Bill 3 and TEC Sec. 48.112 and average TIA payout by categories of Recognized, Exemplary and Master for the 2023-24 school year. *(Data source: Division of District Talent Systems)*

**Teachers by Program (population served):** The FTE count of teachers categorized by the type of student populations served: regular, special, compensatory, bilingual/ESL, gifted and talented education students, and other populations. Teacher FTE values are allocated across population types for teachers who serve multiple population types. Percentages are expressed as a percentage of total teacher FTEs. *(Data source: PEIMS 30040, 30050, and 30090)*
