## Social Media Campaign Tips for Families with English Learners

The Texas Education Agency (TEA) English Learner Support Division, has launched *Tips for Families with English Learners* social media campaign to support Texas families with English learners at home. Families can visit the [Parents and Families](#) page on [txel.org](#) for resources and support for their child during school closures caused by COVID-19 in eight different languages. The website also provides families contact information to [internet providers](#).

Once families go to the website, they will be able to find educational resource links organized by elementary, middle, and high school. The website also provides links to COVID-19 information to assist in reducing anxiety the family may be feeling during this time.

Please see below for the **social media wording** in English and Spanish. You will find the **social media images** in the accompanying Tips for Families with English Learners file.

### Message in English:

“Click [here](#) to learn how to help your child with school in a few easy steps from home.”

### Message in Spanish:

“Haga clic [aquí](#) para aprender cómo ayudar a su hijo(a) con la escuela con unos sencillos pasos desde su hogar.”
